Notable features:

The hood moulds above the windows are cast iron. The modern store front is a defacement on the building and should be removed.

Environmental context:

Excellent scale as corner building stopping the block. Street has a good variety but needs much rehabilitation and redesign if a viable retail trade is to flourish again.

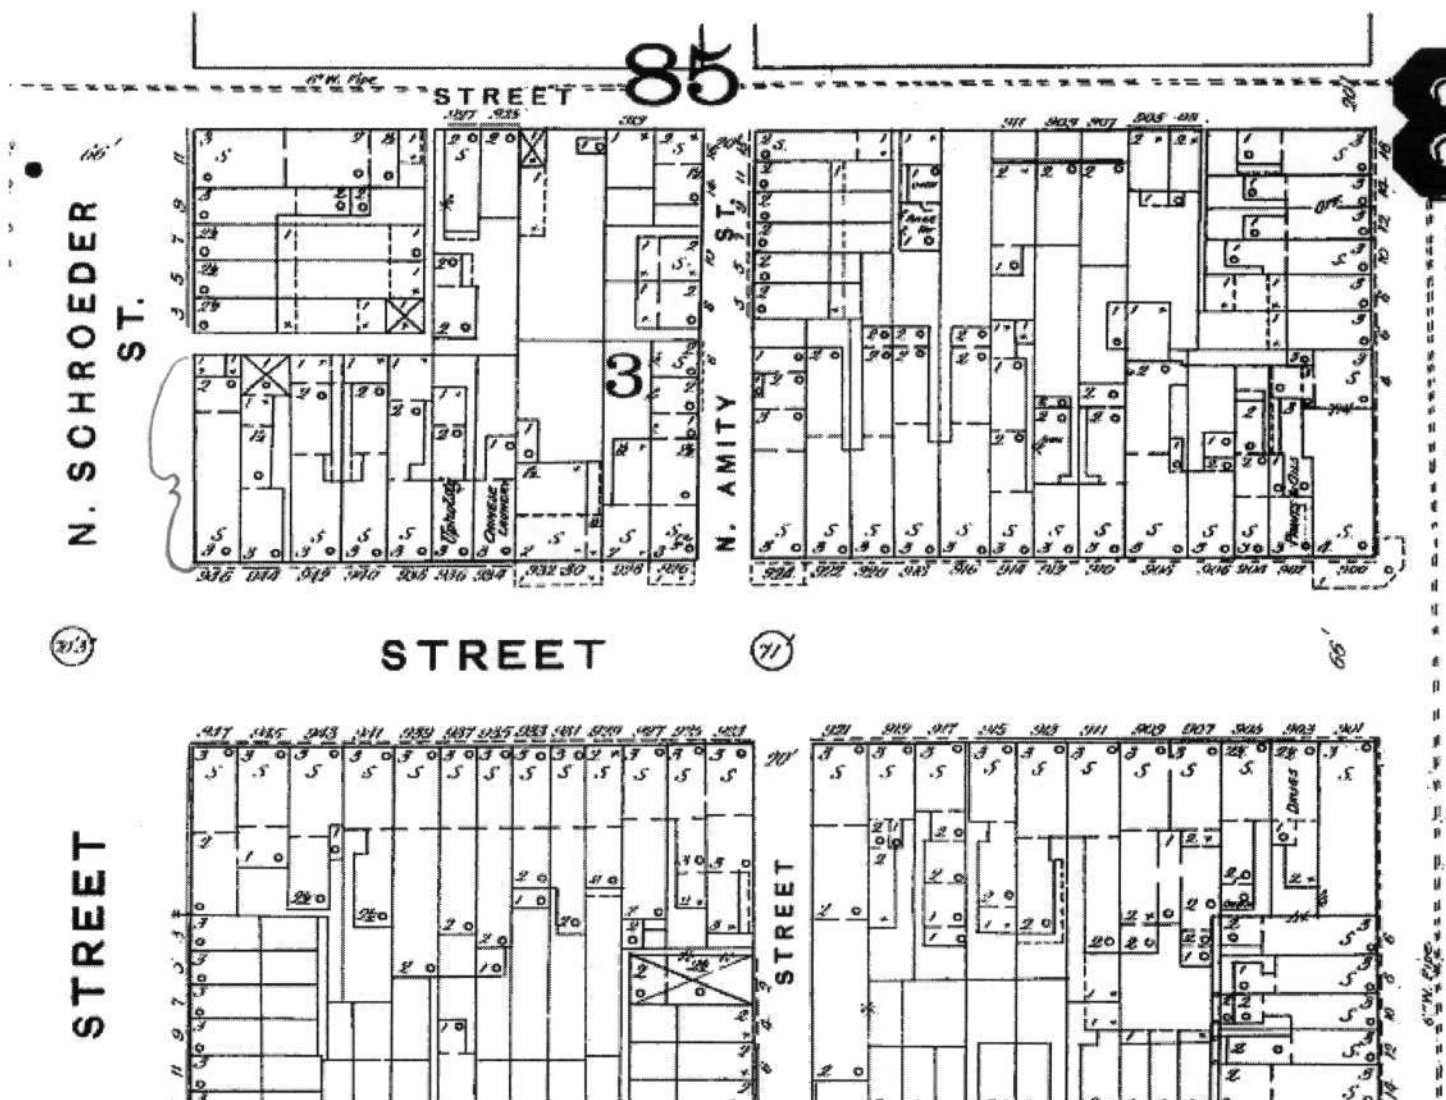

Sun, 25 and 27 January, 1851

Orphans' court sale of valuable property, NE corner of Schroeder and West Baltimore Sts. Will be sold on Monday afternoon, 27th instant, at 3 o'clock, on the premises, by order of the Honorable The Orphans' Court for Baltimore County. The following very valuable property, viz.: All that desirable property, situated on the northeast corner of W. Baltimore and Schroeder Sts., fronting Baltimore St. 16 feet with a depth of 77 feet to an 8 feet alley. The improvements consist of a new and superior built three story brick store and dwelling, with a two-story back building, all of which has been recently built in the most substantial manner. The store is now occupied as a drug and apothecary store, but could be converted into a grocery or dry goods establishment, and is now well sited for either purpose, having all the fixtures arranged. I call the attention of buyers to this sale, as seldom an opportunity offers to purchase so desirable a location. Ground rent \$3 per front foot.
